1. [] Comment. [] departure of four trains which [] carried corps troops of the 38th Gds Rtz Rifle Corps and elements of the 57th Gds Rtz Rifle Div to their posts. [] A total of 22 trains including 17 which went to the posts and 5 which went to the Dessau training area departed from Eisenach and/or Mechterstaedt during the period from 1 to 9 October. [] however about 20 trains carried these troops from Wiesenburg back to their posts on 16 and 17 October, large elements must have come to the Dessau-Wiesenburg training area by road. []
